To: Century High School CTE,

I am the CTE Administrator for the CTE programs in the Bonneville Joint School District #93. I am also the principal of the Technical Careers High School. I fully recommend and support Andria Dotson as a valued member of our team teaching C.N.A. Andria is an excellent nurse and has really strengthened our curriculum and medical pathway. I can assure you she has been one of the best we have had. Andria is also an excellent spouse and mother, which is why she would consider leaving us to support her husband's opportunity to be an assistant principal in your district. Hiring both her husband Jared and Andria would be a golden opportunity for the Pocatello School District. Please contact me if you need anything. My cell number is 208-757-3828.

Lyndon Oswald, TCHS Principal, Director of Bonneville CTE.
